TOPPS CARBON FORMULA 1

# TOPPS CARBON FORMULA 1

2026 Topps Carbon Formula 1 makes its debut. Meet the most innovative Topps F1® release yet. This new luxury collection arrives with matte-black carbon-fiber designs. Find a guaranteed Autograph, Relic and numbered parallel in every box.

Look for real car bodywork relics, a first for a Topps F1® collection, along with on-card autographs and rare cards printed on actual carbon fiber.

Key highlights:

- Every box guarantees 1 Autograph, 1 Relic and 1 numbered parallel. Autograph Relics can also be found.
- New Carbonized or Carbon Exposure rare cards featuring carbon-fiber technology.
- Carbon Cuts are laser-cut driver numbers and words that reveal race-worn relics behind them.
- Also look for Carbon Bonds teammate duals, Triple Headers and Moments Inscriptions.
- Look for Dual Relics featuring glove and race suit relics in one card.
- Bodywork Autograph Relics (/5): car bodywork relics, with a Senna 1991 MP4/6 Bodywork Relic (/1) among the chases.
- A stacked signer list: the checklist covers all 22 current drivers, including rookie Lindblad, Norris, Piastri, Verstappen, Hamilton and Leclerc. It also features a wide selection of legends and the team principals.
- Premium signatures: Carbon Autograph Relics, Carbon White and Gold Signatures (/10 and SuperFractor - #'d 1/1) are signed in gold pen.
